

Summer days at West Wycombe Corporate Entertainment have seen an influx of activity days for our clients. Along with our Clay Shooting Packages; popular activities include the adrenaline rush of 4 x4 Off-Road Driving, taking on the Quad Biking Course and admiring the stunning Falconry Display.

— LATEST NEWS & EVENTS —

Software and App designers Shazam asked us to create a full day of activities that would reward staff as well as build team spirit with new employees, find out how they got on with their full day of fun!!!

*CLA*

The E.J.Churchill stand stood tall and proud at the CLA Game Fair this year in the stunning grounds of Blenheim Palace, Oxfordshire. Thank you to everyone that visited us, it was wonderful to talk to so many people and recognise some friendly faces.

*Simulated Game Day*

At the beginning of July we simulated a game shoot across the West Wycombe Estate for one of our members and her friends. The team traveled across the grounds in 4x4 vehicles and shot a series of challenging targets all based around a typical game day during the season. Our guests then enjoyed a well deserved Champagne Reception and three-course meal at our traditional and rustic Fryers Barn. If you are interested in game shooting we have many days available on some of the UK's most stunning estates; alternatively out of season, we can create a simulated day - shooting clay targets!

*Andy Gomarsall Shoot*

We were proud hosts for Andy Gomarsall's Testimonial Charity shoot at the shooting ground this month. Guests shot a number of single stands and fast paced flurries.

The variety of rugby stars and captains of industry meant the event ran on very high energy, with the competitive spirit in full force! The charity day was a great success and raised lots of money for Andy's chosen charity.

*Planning ahead...*

Evenings are getting shorter and our thoughts turn to Autumn.

It's never too early to start thinking about Autumn parties, Halloween Fright Nights at the Hell-Fire Caves and even Christmas Shooting Packages.
